CDC COVID-19 THN Level

Find CDC COVID-19 Notices (<https://wwwnc.cdc.gov/travel/destinations/list>)

- 1. For your destination country, provide a short description of risks cited on the State Department website (e.g. "due to civil unrest" or "due to terrorism").**

- 2. For your destination country, provide a short description of risks cited by the CDC for both COVID-19 and non-COVID (e.g. Monkeypox, Zika, Dengue). Note: This will enable you to be fully informed of the risks associated with your destination and make an individualized risk assessment that takes into account personal risk factors such as health, recency of vaccines, and informs decisions about mask wearing, physical distancing and other protective measures.**

- 3. Description of how you propose to mitigate risk during your trip.** Factors that mitigate risk and strengthen a case for approval include:

- being fully vaccinated against COVID
 - having received a booster shot of an mRNA vaccine (Pfizer or Moderna)
 - having support in the destination country (local host, program administrator, family in the destination country)
 - a stay of longer duration

- 4. A negative COVID test is no longer required to enter the U.S.; however, if you become ill and must delay your return, what is your plan to remain in place?**

- Do you have local support to provide care if you are ill?
 - Will you have access to medical care in the destination country?
 - If you are not sick enough to be hospitalized but are too sick to travel, do you have a plan for lodging - perhaps family or friends in the destination country with a guest room you can use, or funds to cover the cost of commercial lodging?

5. Explanation of how the trip advances the University's educational or research mission:

I attest that I will register my travel in the Department of State's [Smart Traveler Enrollment Program \(STEP\)](#), if eligible or subscribe to the State Department's Travel Advisory subscription service. Initials:

Assumption of Risk for International Travel to be signed by traveler

I am aware that due to the outbreak of COVID, the University of North Carolina at Chapel Hill ("University") has prohibited all non-essential University-affiliated travel outside of the United States for students, faculty, and staff. I have requested an exception to the travel restriction pursuant to my petition above in connection with travel to _____ on or about these dates:

I understand that, as part of my participation in an activity outside the United States ("Activity"), I may be traveling to a location with an increased risk of exposure to COVID and where I may encounter significant, hazardous, and unpredictable travel conditions, restrictions, and delays. I am fully aware of the risks and hazards associated with traveling during the COVID pandemic, and I understand that conditions may rapidly change for the worse. Knowing these risks and hazards, including the risks of illness, injury, death, and indefinite delay of my return to the State of North Carolina, I am voluntarily choosing to engage in this Activity.

I am fully aware of the risks associated with participating in the Activity, including the risk of contracting COVID or its variants, under circumstances where individuals are urged to avoid travel. Despite public health measures, I recognize there is no definitive or guaranteed way to prevent or eliminate the spread of the SARS-CoV-2 coronavirus that causes COVID or any variants.

I understand that variants with unpredictable morbidity and mortality have been detected, and that current vaccines do not offer complete protection. I am aware that the inherent risks and uncertainties relating to COVID could disrupt my Activity, and that I may require medical care and/or hospitalization in areas where healthcare resources are under great strain in service of local populations.

I agree to take all necessary precautions and follow protocols and guidance from relevant authorities, including adhering to travel notices and warnings from the U.S. Department of State and the Centers for Disease Control and Prevention (CDC). I agree that such guidance may be updated without notice, and I agree to check frequently for updates throughout my trip, including updates to travel restrictions for all countries I plan to visit or through which I may transit. I also agree that I will enroll in the State Department's Smart Traveler Enrollment Program, if eligible, or its Travel Advisory subscription service and take advantage of such resources.

I acknowledge and understand that I will continue to be governed by all applicable University policies, procedures, and protocols, and I agree to take all reasonable measures to comply with them, including those implemented or adjusted during my travel.

I acknowledge and understand that the University reserves the right to rescind any travel exception approval or cancel or postpone travel in whole or in part, which may have significant academic and financial considerations. I am aware that travel exception approval does not guarantee my ability to enter and exit a country and that I am responsible for verifying such requirements.

I understand that the University is not responsible for financial or other related losses as result.

I understand that I am subject to and wholly responsible for complying with rules and policies of third-party sites and jurisdictions including testing and other COVID related requirements. If I do not follow all applicable rules and policies, I may be required to leave the Activity at my own expense.

I understand that evacuation may not be possible from my trip, that travel restrictions may abruptly change, and I acknowledge that the University is not responsible for assisting with or covering costs related to my travel, lodging, or incidentals.

I am aware that dynamic COVID-related rules and restrictions including border closings, flight cancellations, or delays may significantly impact my travel and may even bar it altogether. I understand that I may face delays returning home (e.g., illness prevents me from boarding a flight) and that the University is not responsible for costs associated with my prolonged stay abroad and delayed return travel.

I acknowledge that claims submitted under certain insurance policies may be denied and the University cannot guarantee coverage of a claim.

I agree to comply with any measures determined by appropriate guidance and medical personnel, including the CDC and other government measures, to be necessary during my travel or upon my return. In case of accident, illness, injury, or death, I hereby authorize the University and its representatives to contact the person(s) listed as my Emergency Contact in the Connect Carolina system.

I voluntarily accept the risks described above and assume full responsibility for any risk of loss, damage, illness or personal injury, including death, and for any property damage that may be sustained by me as a result of my participation in the Activity, including related travel.

As a condition to my participation in the Activity, I hereby release, hold harmless, and forever discharge the University, its current and former trustees, students, employees and agents, from any and all liability, claims, demands, actions, and causes of action whatsoever and to the fullest extent permitted by law, arising out of or related to any loss, property damage, illness, or personal injury, including death, that may be sustained by me or to any property belonging to me during my participation in these activities, including damages caused by the negligence of the University, or its current or former trustees, students, employees, and agents.

This document is to be construed in accordance with the laws of North Carolina. If any portion of this document is deemed to be invalid, the remainder will continue in force and effect and will be interpreted so as to best effect the original intention of the University. A copy of this release shall have the same force and effect as the original.

I have read and I understand this document, including the release and hold harmless portions of it. I acknowledge that I am at least 18 years old. I understand and agree that it is binding on myself, my heirs, assigns, and personal representatives. I consent to the application of the laws of the State of North Carolina to govern, interpret, and enforce this document including all rights and obligations arising from or related to this document.
